

To Whomsoever It may Concern

Subject: Introduction of MARK Compressors, a division of Atlas Copco (I) Ltd.

Dear Sir,

I would like to thank you for the kind courtesy extended to undersigned during our visit to your good office for subject matter. Mark Air Compressors is a prominent manufacturer and marketer of Air Compressor and accessories with European origins. Mark was established in 1970, and 4 years later, it started to sell Air Compressors to foreign countries. The export business proved to be successful and promoted the rapid development of the company. By 1988, over 10,000 screw compressors had been in operation in Europe, and 100,000 worldwide. Atlas Copco- a world leader in Air Compressor Industry, looking at the sustained growth and strong fundamentals of continuous innovation, acquired MARK in 1998 and since then it has been operated under Atlas Copco's portfolio of Brands.

MARK Compressors is an integral division of Atlas Copco (I) Ltd. Legal entity in India and is launched under Atlas Copco's portfolio of brands.

Best regards,

Jayesh Kashyap
